Madeline Dare Series by Cornelia Read - Goodreads

And it turns out that one of Madeline's rustic in-laws has found Laphorne's dog tags while plowing that very field. That's the mystery at the center of A FIELD OF DARKNESS, and it has a lot to recommend --- tragedy, beauty, the relentless passage of time, the complete lack of motive for the killings. Madeline, wisely, doesn't want any part of it.

Madeline Dare would be the first to tell you her money is so old there's none left. A former socialite from an aristocratic family in decline, Maddie is a tough-talking, would-be journalist exiled to the rust belt of upstate New York. Her prospects for changing her dreary lifestyle seem dim--until a set of dog tags found at a decades-old murder site is linked to her family. Shocked into action, Maddie embarks on a search that takes her from the derelict smokestacks of Syracuse to the posh mansions of Long Island's Gold Coast. But instead of the warm refuge of home, this prodigal daughter soon uncovers dark, sinister secrets that will violently challenge everything she believes in and holds dear.

"Cornelia Read's darkest, most passionate, and most poignant book yet." -Tana French, New York Times Bestselling Author The smart-mouthed but sensitive runaway socialite Madeline Dare is shocked when she discovers the skeleton of a brutalized three-year-old boy in her own weed-ridden family cemetery outside Manhattan. Determined to see that justice is served, she finds herself examining her own troubled personal history, and the sometimes hidden, sometimes all-too-public class and racial warfare that penetrates every level of society in the savage streets of New York City during the early 1990s. Madeline is aided in her efforts by a colorful assemblage of friends, relatives, and new acquaintances, each one representing a separate strand of the patchwork mosaic city politicians like to brag about. The result is an unforgettable narrative that relates the causes and consequences of a vicious crime to the wider relationships that connect and divide us all.

Madeline Dare trades New York's gritty streets for the tree-lined avenues of Boulder, Colorado, when her husband Dean lands a promising job. As a freelance journalist in her new town, she closes in on a serial arsonist at large in the city.

From the acclaimed author of A FIELD OF DARKNESS comes another compelling novel featuring the acerbic and memorable voice of ex-debutante Madeline Dare. Madeline Dare has finally escaped rust-belt Syracuse, New York, for the lush Berkshire Mountains in Massachusetts. After her husband's job offer falls through, Maddie signs on as a teacher at the Santangelo Academy, a boarding school for disturbed teenagers. Behind the academy's ornate gates, she discovers a disturbing realm where students and teachers alike must submit to the founder's bizarre therapeutic regimen. From day one, Maddie feels uneasy about smooth-talking Dr. Santangelo but when she questions his methods, she's appalled to find that her fellow teachers would rather turn on each other than stand up for themselves, much less protect the students in their care. A chilling event confirms Maddie's worst suspicions, then hints at an even darker secret history, one that twines through the academy's very heart. Cut off from the outside world, Maddie must join forces with a small band of the school's most violently rebellious students-kids whose troubled grip on reality may well prove to be her only chance of salvation.

In book four of the award-winning Austin Family Chronicles young adult series from Madeleine L'Engle, author of A Wrinkle in Time, Vicky Austin experiences the difficulties and joys of growing up. "This wasn't the first time that I'd come close to death, but it was the first time I'd been involved in this part of it, this strange, terrible saying goodbye to someone you've loved." These are Vicky Austin's thoughts as she stands near Commander Rodney's grave while her grandfather, who himself is dying of cancer, recites the funeral service. Watching his condition deteriorate over that long summer is almost more than she can bear. Then, in the midst of her struggle, she finds herself the center of attention for three young men. Leo, Commander Rodney's son, turns to her as an old friend seeking comfort but longing for romance. Zachary, whose attempted suicide inadvertently caused Commander Rodney's death, sees her as the one sane and normal person who can give some meaning to his life. And Adam, a serious young student working at the nearby marine-biology station, discovers Vicky, his friend's little sister, incipient telepathic powers that can help him with his experiments in dolphin communications. Vicky finds solace and brief moments of peace in her poetry, but life goes on around her, and the strain intensifies as she confronts matters of love and of death, of dependence and of responsibility, universal concerns that we all must face. The inevitable crisis comes and Vicky must rely on openness, sensitivity, and the love of others to overcome her private grief. A captivating debut novel about a woman who falls into an overwhelming mutual obsession with the Upper East Side mother who hires her as a nanny Ella is flat broke: wasting away on bodega coffee, barely making rent, seducing the occasional strange man who might buy her dinner. Unexpectedly, an Upper East Side couple named Lonnie and James rescue her from her empty bank account, offering her a job as a nanny and ushering her into their moneyed world. Ella's days are now spent tending to the baby in their elegant brownstone or on extravagant excursions with the family. Both women are just 26—but unlike Ella, Lonnie has a dotting husband and son, unmistakable artistic talent, and old family money. Ella is mesmerized by Lonnie's girlish affection and disregard for the normal boundaries of friendship and marriage. Convinced there must be a secret behind Lonnie's seemingly effortless life, Ella begins sifting through her belongings, meticulously cataloguing lipstick tubes and baby teeth and scraps of writing. All the while, Ella's resentment grows, but so does an inexplicable and dizzying attraction. Soon Ella will be immersed so deeply in her cravings—for Lonnie's lifestyle, her attention, her lovers—that she may never come up for air. Riveting, propulsive, and startling, Devotion is a masterful debut novel where mismatched power collides with blinding desire, incinerating our perceptions of femininity, lust, and privilege.

For a family with four kids, two dogs, assorted cats, and a constant stream of family and friends dropping by, life in the Austin family home has always been remarkably steady and contented. When a family friend suddenly dies in a plane crash, the Austins open their home to an orphaned girl, Maggy Hamilton. The Austin children—Vicky, John, Suzy, and Rob—do their best to be generous and welcoming to Maggy. Vicky knows she should feel sorry for Maggy, but having sympathy for Maggy is no easy thing. Maggy is moody and spoiled; she breaks toys, wakes people in the middle of the night screaming, discourages homework, and generally causes chaos in the Austin household. How can one small child disrupt a family of six? Will life ever return to normal? Risk everything . . . for love with this #1 New York Times bestseller. What if you couldn't touch anything in the outside world? Never breathe in the fresh air, feel the sun warm your face . . . or kiss the boy next door? In Everything, Everything, Maddy is a girl who's literally allergic to the outside world, and Ollie is the boy who moves in next door . . . and becomes the greatest risk she's ever taken. My disease is as rare as it is famous. Basically, I'm allergic to the world. I don't leave my house, have not left my house in seventeen years. The only people I ever see are my mom and my nurse, Carla. But then one day, a moving truck arrives next door. I look out my window, and I see him. He's tall, lean and wearing all black—black T-shirt, black jeans, black sneakers, and a black knit cap that covers his hair completely. He catches me looking and stares at me. I stare right back. His name is Ollie. Maybe we can't predict the future, but we can predict some things. For example, I am certainly going to fall in love with Ollie. It's almost certainly going to be a disaster. Everything, Everything will make you laugh, cry, and feel everything in between. It's an innovative, inspiring, and heartbreakingly romantic debut novel that unfolds via vignettes, diary entries, illustrations, and more. And don't miss Nicola Yoon's The Sun Is Also A Star, the #1 New York Times bestseller in which two teens are brought together just when it seems like the universe is sending them in opposite directions.

Murray, a loner who communes with the dead in the town cemetery, hears the voice of a murdered cheerleader and tries to convince the adults that he knows what happened to her. But who believes him? He's a loser. Can he even believe in himself? Also comes Pearl, the daughter of the cemetery caretaker, who befriends Murray and tries to enter his world. Together they may prove the astonishing possibility that Nikki is closer than anyone thinks. "Dead Connection is a smart, funny, very clever page turner; unique and fun to read. As much as I wanted the mystery solved, I didn't want it to end. You're going to like this book." --Chris Crutcher

Hwa is of the few people in her community (which constitutes the whole rig) to forgo bio-engineered enhancements. As such, she's the last truly organic person left on the rig—making her doubly an outsider, as well as a neglected daughter and bodyguard extraordinaire. Still, her expertise in the arts of self-defense and her record as a fighter mean that her services are yet in high demand. When the youngest Lynch needs training and protection, the family turns to Hwa. But can even she protect against increasingly intense death threats seemingly coming from another timeline? Meanwhile, a series of interconnected murders threatens the city's stability and heightens the unease of a rig turning over.
