Ape and Essence is a lesser known work by Aldous Huxley, but ranks up there with "Brave New World" as a brilliant, prescient and critical view of modern human culture. A MUST-READ for those who hunger for the truth. One of my all-time favorite novels that I've read many times. I'd lost my old copy and was thrilled to find it on Amazon.

Overview. When Aldous Huxley's Brave New World first appeared in 1932, it presented in terms of purest fantasy a society bent on self-destruction.
