Basic Sciences in Ophthalmology: A Self Assessment Text ...

Basic Sciences in Ophthalmology aims to link clinical ophthalmology directly to its basic science roots. This first volume describes the physics and chemistry required for a sound understanding of modern ophthalmology. The book opens with an extensive discussion of the interaction of light with matter and the way in which light is used in ophthalmic examinations and treatments.

The ICO Basic Sciences Examination is the first of a three-part qualification. The Basic Sciences Part 1 is frequently taken early in residency training. The Examination is presented in a booklet and consists of 80 multiple-choice questions (MCQs). The complete Examination takes two hours. Each question consists of five options, each being true or false.
