company's information assets, instead of just sitting there collecting dust on everyone's shelf. The CAD Manual now becomes a document that's easy to maintain and distribute, and combined with the rich content you can embed, you are looking at a total training system, not just some dry chatter about layer names.

[Solved: AutoCad 2018 manual - Autodesk Community](#)

CAD, or computer-aided design and drafting (CADD), is technology for design and technical documentation, which replaces manual drafting with an automated process. If you are a designer, drafter, architect or engineer, you have probably used 2D or 3D CAD programs such as AutoCAD or AutoCAD LT software.
