You definitely want to have a good guide on everything you need to succeed in the trucking business industry. This book will keep you out of trouble in all facets trucking business. The trucking industry has the luxury of being able to recover from small miscues, but not many of books out there go the the length this book goes to discuss matters Trucking. In this book you'll learn ! [ ] Define The Role Of The Broker And Agent [ ] Here's How The Industry Works [ ] Why Get Operating Authority [ ] Financial [ ] Shipping Own Product [ ] More Home Time [ ] Region And Customers [ ] The Money In Trucking [ ] Abide By The Industry's Standards [ ] Satisfy The Steps To Become An Agent [ ] Understand The Industry's Work Environment [ ] Familiarize Yourself With Industry Terms [ ] Build The Steps To Become A Broker [ ] Consider The Big Picture [ ] What You Can Expect [ ] Mechanical Problems [ ] Regulatory Problems [ ] Financial Problems [ ] Communication Problems [ ] What To Spend (Or Not Spend) Money On [ ] Good Investments [ ] Bad Investments [ ] Step Nine Discover Self Pace & Time Management Success About the Expert Bruce Stimson started his factoring career in 2001, when he founded QLF5, which eventually became the Invoice Trucking Group. Mr. Stimson led the firm through its initial growth and established it as a leading provider to startups and small companies in the New England region. After QLF5, Mr. Stimson launched Trucking Capital LLC to provide services in the USA, Canada and Australia Under his leadership, Trucking Capital LLC has expanded to offer a number of business finance products and can help companies in most industries. Trucking Capital LLC is one of the few companies that offers micro-factoring (also called small-ticket factoring), which helps early-stage companies with limited revenues. Small business factoring has been ignored by larger factoring firms and banks, establishing Mr. Terry as a pioneer in this market. Before starting his career in finance, Mr. Stimson held several management positions in operations and marketing in the telecommunications industry for eight years. He earned a Master's Degree in Finance with a concentration in banking. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

In a world where basic human rights are under attack and discrimination is widespread, Advancing Equality reminds us of the critical role of constitutions in creating and protecting equal rights. Combining a comparative analysis of equal rights in the constitutions of all 193 United Nations member countries with inspiring stories of activism and powerful court cases from around the globe, the book traces the trends in constitution drafting over the past half century and examines how stronger protections against discrimination have transformed lives. Looking at equal rights across gender, race and ethnicity, religion, sexual orientation and gender identity, disability, social class, and migration status, the authors uncover which groups are increasingly guaranteed equal rights in constitutions, whether or not these rights on paper have been translated into practice, and which nations lag behind. Serving as a comprehensive call to action for anyone who cares about their country's future, Advancing Equality challenges us to remember how far we all still must go for equal rights for all. A free open access ebook is available upon publication. Learn more at [www.luminosoa.org](#).

The series serves to propagate investigations into language usage, especially with respect to computational support. This includes all forms of text handling activity, not only interlingual translations, but also conversions carried out in response to different communicative tasks. Among the major topics are problems of text transfer and the interplay between human and machine activities.

This Open Access book tracks the latest trends in the theory, research, and practice of entertainment-education, the field of communication that incorporates social change messaging into entertaining media. Sometimes called edutainment, social impact television, narrative persuasion, or cultural strategy, this approach to social and behavior change communication offers new opportunities including transmedia and digital formats. However, making media can be a chaotic process. The realities of working in the field and the rigid structures of scholarly evaluation often act as barriers to honest accounts of entertainment-education practice. In this collection of essays, experienced practitioners offer unique insight into how entertainment-education works and present a balanced view of its potential pitfalls. This book gives readers an opportunity to learn from the successes and mistakes of the experts, taking a behind-the-scenes look at the business of making entertainment-education media.

Beloved, best-selling science writer Mary Roach's "acutely entertaining, morbidly fascinating" (Susan Adams, Forbes) classic, now with a new epilogue. For two thousand years, cadavers – some willingly, some unwittingly – have been involved in science's boldest strides and weirdest undertakings. They've tested France's first quillotines, ridden the NASA Space Shuttle, been crucified in a Parisian laboratory to test the authenticity of the Shroud of Turin, and helped solve the mystery of TWA Flight 800. For every new surgical procedure, from heart transplants to gender confirmation surgery, cadavers have helped make history in their quiet way. "Delightful—though never disrespectful!" (Les Simpson, Time Out New York), Stiff investigates the strange lives of our bodies postmortem and answers the question: What should we do after we die? "This quirky, funny read offers perspective and insight about life, death and the medical profession. . . . You can close this book with an appreciation of the miracle that the human body really is." —Tara Parker-Pope, Wall Street Journal "Gross, educational, and unexpectedly sidesplitting." —Entertainment Weekly

Features step-by-step projects and full-color examples Create unique jewelry to wear with everything from jeans to a ball gown! Want to make your own jewelry?
