Spiritual Preparation . The Hajj is a journey of a lifetime, during which one is reminded of death and the afterlife, and returns a renewed person. The Quran tells the believers to "take provisions with you for the journey, but the best of provisions is God-consciousness..." (2:197). So spiritual preparation is key; one should be ready to face God with complete humility and faith.

The Hajj (/ h æ d /; Arabic: **حج** Ḥaǧǧ "pilgrimage") is an annual Islamic pilgrimage to Mecca, the most holy city of the Muslims, and a Fard or mandatory religious duty for Muslims that must be carried out at least once in their lifetime by all adult Muslims who are physically and financially capable of undertaking the journey, and can support their family during their absence.

annually fulfill this Fifth Pillar of Islam, the Hajj. Saudi Arabia conquered the Hijaz in part to protect Hajjis from abuses in the management of the Hajj. How does that country now administer the religious event that brings so many people, often poor and illiterate, into one small area to perform a variety of complex rituals? How does the government protect its visitors' health and safety, and ensure their proper guidance through the necessary rites? How does it move so many pilgrims in and out of what is essentially an out-of-the-way desert? David Long has set this thoughtful examination of the twentieth-century Hajj within its historical framework. He first provides a clear, concise description of the rituals either necessary or traditional to the proper performance of the Hajj; he then relates how the inhabitants of Mecca used to manage the pilgrimage and finally, relates how the new Saudi rulers gradually brought the Hajj service industry under government regulation. Today there is probably no agency of the Saudi government which is not at least tangentially concerned with the Hajj. Only in the area of health did there exist a history of public management. By the early nineteenth century it had become all too clear that the Hajj served to carry diseases endemic to the Orient to Europe, and by the end of that century health and quarantine procedures were under international control. Today the Saudi government has sole control of these matters. Oil revenue vastly exceeds Hajj revenues--once a major source of Saudi income--but the Hajj continues to play an enormous role in the religious, social, and political life of the country. And even in economics it structures the Saudi businessman's year and provides part- or full-time employment to more Saudi citizens than does the oil industry. This volume contains an extensive bibliography, appendixes containing statistical material on recent Hajjs, maps, and a glossary.

contemporary international folk art scene." "Photographer Ann Parker and writer Avon Neal spent a decade exploring towns, villages, and isolated farm communities along the Nile, across the Delta, down the Red Sea coast, and into the Sinai. On the walls of buildings ranging from alabaster factories to mud brick farmhouses they found brilliant murals illuminated by the desert sun, portraying beloved icons of the pilgrims' faith and scenes from the Koran. Their nearly one hundred and fifty color photographs and accompanying descriptions record the radiant palette of mostly self-taught artists."

INTRODUCTION Hajj, the fifth pillar of Islam, brings together Muslims of all races and creed to adopt two unidentifiable white pieces of cloth in an awesome demonstration of Islam's total disregard of insignificant issues like race, social position and nationality. Annually, several million people make the pilgrimage to Makkah from every corner of the globe, providing a unique opportunity of those different nations to meet one another, making it the largest gathering in the world. It is a clear-cut act of worship, but also it is symbolic and represents the spirit's return to its place of origin. Hajj is an essential duty (fardh) for all Muslims, who are physically and financially able to perform it. Allah Ta'ala has prescribed certain rites that a pilgrim should uphold for his pilgrimage to be correct. The primary condition is intention (niyyah), while the others will be mentioned in their places. The meaning of the pilgrimage (Hajj meaning effort) is to leave all worldly

activities aside and go forth to meet Allah Ta'ala. The purpose of Hajj is to develop consciousness of Allah Ta'ala and also spiritual upliftment. It is also an opportunity to atone sins collected throughout life. Prophet Muhammad [PBUH] had said that a person who performs Hajj properly "will return as (sinless as ) a newly born baby. Due to the usual practice of Umrah being performed before the Hajj, it was deemed appropriate that this publication starts with Umrah. The first part of this book deals with the procedures of Umrah. It clearly outlines the entire procedure of how Umrah should be performed, explaining each part of Umrah individually and giving a breakdown of which actions are necessary and which one's are Sunnah and virtuous. Thereafter the rites of Hajj are described in full in the same clear distinctive manner. Starting from the explanation of the three types of Hajj and how they differ. The "Hajj at a glance" diagram has been specially made to assist the Hajji in simplifying the procedure further.

For over 1300 years the hajj or pilgrimage to Mecca - a principle requirement of the Islamic faith - has been one of the world's great annual events. It had, in addition, a huge impact on the development of safe passage by land and of regular seaborne passenger traffic in the Indian Ocean and Persian Gulf.
